TECRA A6

Gain exceptional mobile productivity for your business

The Tecra A6 – Achieve exceptional mobile productivity for your business in a sleek, light design, weighing just 2.30kg

ToshibaEasyGuard
CarefreeMobileComputing

EXCEPTIONAL BUSINESS PERFORMANCE IN A SLEEK, LIGHT DESIGN

- This dynamic-looking notebook comes in a sleek, light design weighing just 2.30kg
- Choice of new Intel® Centrino® Mobile Technology to succeed on the move, featuring either an Intel® Core™ Duo or Intel® Core™ Solo Processor
- Improved mobile performance with high capacity, high-speed Serial ATA hard disk drives and support for up to 4GB of DDR2 667MHz Dual Channel memory

TOSHIBA EASYGUARD INNOVATIONS FOR BETTER RELIABILITY AND SECURITY

- Execution Disable Bit (XD-Bit) to prevent buffer overflow virus attacks
- Toshiba Assist button for one-touch access to system support and services including Password Utilities and PC Diagnostics

ALL-IN-ONE CONVENIENCE

- Easy common docking and simplified cable management with the optional Advanced Port Replicator III Plus
- 5-in-1 Bridge Media slot makes it easy to transfer digital content in a wide range of formats
- Integrated DVD-SuperMulti drive (Double Layer) for up to 8.5GB of data storage, multimedia recording and playback of CDs and DVDs

EASY CONNECTIVITY WITH TOSHIBA EASYGUARD

- Enhanced mobility with Toshiba ConfigFree™ software for simplified wireless and wired connectivity
- Toshiba Summit software to increase productivity, featuring efficient wireless conferencing functionality – including file sharing and chat
- Built-in Wireless LAN, and modem and Ethernet LAN

BRILLIANT DISPLAY AND GRAPHICS FOR ENHANCED BUSINESS PRODUCTIVITY

- Exceptional 14.0" WXGA TFT widescreen display enables users to view work-related content on a larger viewable area as well as enjoy DVDs in all their widescreen glory
- Mobile Intel® 945GM Express chipset technology with up to 224MB video memory
- Launch a presentation with the Toshiba Presentation button, and then share it using the screen image rotation functionality or RGB port for external display to a larger screen

*CPU performance may vary from specifications under certain conditions such as the use of battery instead of AC power, certain external peripherals, certain multimedia applications or network connections, complex modelling software and in areas with low air pressure at high altitude (1,000 metres above sea level) and/or certain temperatures. CPU performance may also vary from specifications due to design configuration. Under some conditions, your computer may automatically shut down as a normal protective measure. To avoid risk of lost data, please make periodic back-up copies. For optimum performance, use your computer only under recommended conditions. Please read detailed restrictions in the product resource guide, visit the Toshiba website: computers.toshiba-europe.com and/or contact Toshiba Technical Support. For PC's configured with 4 GB of system memory, the full system memory space for computing activities will be considerably less and will vary by model and system configuration. One GB means one billion bytes. Battery life may vary depending on applications, power management settings and features utilised. Recharge time varies depending on usage. Battery may not charge while computer is consuming full power. After a period of time, the battery will lose its ability to perform at maximum capacity and will need to be replaced. This is normal for all batteries. To purchase a new battery pack, see your accessories information that shipped with your computer or visit the Toshiba websites at computers.toshiba.nl or computers.toshiba.be. Small bright dots may appear on your TFT display when you turn on your PC. Your display contains an extremely large number of thin-film transistors (TFT) and is manufactured using high-precision technology. Any small bright dots that may appear on your display are an intrinsic characteristic of the TFT manufacturing technology. Intel, Intel logo, Intel Inside, Intel Inside logo, Intel Centrino, Intel Centrino logo, Celeron, and Pentium are trademarks or registered trademarks of Intel Corporation or its subsidiaries in the United States and other countries.

Genuine Microsoft and Windows are either registered trademarks or trademarks of Genuine Microsoft Corporation in the United States and/or other countries. All trademarks are acknowledged. Product specifications, configurations, prices, system/component/options availability are all subject to change without notice. Product design specifications and colours are subject to change without notice and may vary from those shown. Errors and omissions excepted.
